- Unsporting conduct occurs when a player makes any inappropriate verbal remark or non-verbal gesture to the opponent players, team officials, referees, spectators or any other stakeholders who are part of the match/ tournament.
- If the Main Referee considers the player's conduct to be unsporting, they may sanction the player according to the following three steps:
- Verbal warning – for unsporting behaviour, the Main Referee must issue a verbal warning to the offending player or team official, without awarding a point, unless the opposing player/team is clearly going to win the point. If the opposing player/ team wins the point after unsporting conduct, the point must be awarded, and a verbal warning must be issued afterwards. The Main Referee may use their own words to explain the type of unsporting behaviour and then must warn the player that for the next similar action, a point will be awarded to the opponent player/ team. – WARNING CARD
- Where an unsporting behaviour takes place for a second time by the player/ team or team official, the Main Referee must award a point to the opponent player/ team and call out: "Second warning! Point to the opponent!" This step may be used several times if a player continues with unsporting behaviour. – POINT TO THE OPPONENT CARD
- Dismissal – in the case of an extreme offence or continuous unsporting behaviour, the Main Referee may dismiss a player by reporting them to the Competition Manager and/or the Chief Referee. The dismissal must be made by either the Competition Manager or the Chief Referee. After the dismissal, the opposing player/ team wins the match, but all previously earned points by the dismissed player remain valid.
- A warning or penalty incurred by any member of a team shall apply to the whole team.

1.2 Main and Assistant Referees, as well as Chief Referees, are also allowed to enter the Game Zone only 10 minutes before the game they are officiating.

2. Post-Match Protocol

2.1 Upon completion of their match, players must promptly exit the Field of Play (FOP) and the Game Zone. The designated route for exiting is through the Mixed Zone, and it is important to note that there is only one entrance/exit point for the Game Zone.

2.2 In the Mixed Zone, photographers, videographers, press, and social media teams are allowed to request interviews with players. Players are obligated to respond to inquiries from these authorized personnel.

3. Game Zone Access Limits

3.1 Only one coach and two team officials per nation are permitted in the Game Zone during matches.

3.2 The FITEQ Social Media Team as well as accredited press with extra signage are only allowed in the Game Zone during the event.

3.3 FITEQ STAFF are always allowed to use the Game Zone Area.

4. Exceptional Access

4.1 During matches, the Press Officer, Chief Referees, and Competition Managers have the authority to consider requests for access to the Game Zone by athletes or press. Such requests will be evaluated on a case-by-case basis with due consideration for the overall event regulations.

5. Compliance and Enforcement

5.1 Athletes, coaches, team officials, referees, and staff are expected to adhere to the Game Zone Area Policy at all times.

6.1 The Teqball World Series 2024 Madrid organizers reserve the right to amend or update the Game Zone Area Policy as needed. Any changes will be communicated to all relevant parties in a timely manner.

All participants are expected to respect and adhere to these guidelines for the successful execution of the event.

FITEQ CHALLENGE PROTOCOL

Principles

1. Video Referees have independent access to match footage. Players may request assistance from the Video Referees only in relation to the categories listed below. In all these situations players/teams should request a "Challenge" by showing the 'TV signal' and communicating "Challenge + one of the below-mentioned decisions:

Illegal attack	Too many touches
Illegal return	Table Touch
Edgeball	Out*
Repeated Return	Net**
Double Touch	

Out* - when the ball bounced on the floor before players touching it and more than 1 bounce on the table.

Net** - during services if the ball touches the net and for net + 3 bounces.

2. Players/teams may request a "Challenge" ONCE PER THE ENTIRE MATCH, if the challenge is successful, their "Challenge" opportunity remains available. If the challenge is unsuccessful, they have no further opportunity to request a challenge.
3. Players may only request a "Challenge" within 5 seconds after the referee's decision.
4. Video assistant referees (VAR) will only 'check' the decision challenged by the players.
5. If the referee interrupts the rally by an incorrect call according to the VAR 'check', the rally must be repeated.
6. The referee must always make a decision, i.e. the referee is not permitted to give 'no decision' and then use the VAR to make the decision.

7. The original decision given by the referee will not be changed unless the video review clearly shows that the decision was a 'clear and obvious error'.
8. If there is no video footage about the challenged decision, then the decision made on the field stands, and players' opportunity for a challenge remains available.
9. There is no time limit for the review process as accuracy is more important than speed.
10. The players and team officials must not surround the referee or attempt to influence if a decision is reviewed, the review process, or the final decision.
11. The referee must remain 'visible' during the review process to ensure transparency.
